Board's Reference No.27668/Z.1/48 dated 14-5-48.

Subject: Establishment - Transport - Thompson Disposal Committee - Vehicles - Maintenance and operation - Further continuance of staff beyond 31-5-48 - Proposals submitted.-

Read:
Reference: G.O.Ms.No.390, Food dated 3-5-48.

In the G.O. cited the Government sanctioned the further retention till 31--5--48 of the staff employed in the Civil Supplies Transport organisation. The Board submits that the critical period in the food situation of this Province is between June to September, that the bulk of rice supplies is from the metre guage sections and that at present the metre guage wagon position is very unsatisfactory. It is therefore necessary that all available Civil Supplies motor transport resources should be utilised to the fullest extent possible during that period. In addition more road transport will have to be utilised in the coming lean months whenever alternate transport facilities are not available for transfer of reserves of procured stock to deficit pockets. In view of the above, the Board does not propose to sell the Civil Supplies lorries. Even the twenty lorries which are off the road have been proposed to be repaired and put on road in view of the Commitments the Board may be called upon to undertake vide Board's Reference Z.1.27668/48 dated 6-5-48.

2. In the circumstances and in view of the fact that these lorries may well have to be used for other vital purposes as has been pointed out by Government, the Board considers the continuance of the Provincial Road Transport Officer's Staff beyond 31-5-48 necessary and recommend its retention upto the end of 30-9-48 or till the necessity ceases, whichever is earlier.
